THE HISTORY!

San Felipe's Cantina is the 'brainchild' of long-time high school buddies Jim Keller and Drew Gruver in Phoenix, Arizona - The Valley of the Sun. Back in the late '70's inspired by frequent trips to Rocky Point and San Felipe, Mexico for 'Spring Breaks' throughout the ASU and NAU college school year, the dream was born at a sandy beach camp amid Pyramid-stacked cases of canned beer, barbecued Mexican shrimp, cheap tequila, tiny bikini's and some musically inclined friends with sand filled guitars. The dream evolved into a vision that has emerged as a successful, contagious, profitable and uniquely themed restaurant concept. Each location is unpretentious, fun and custom tailored to its local clientele while building on the proven concepts pioneered by the first restaurants in the organization. The restaurants offer a wide selection of Coastal Baja Mexican entree's blended with Sonoran Southwest fusion cuisine and unique drinks.
